

QUARTERLY PERFORMANCE ANALYSIS OF COMPANIES (QPAC)

Indian Economy and Industries

QPAC provides review and analysis of economy, industries and companies performance every quarter. It presents the 360° analysis i.e. how the industry has performed in the last quarter.

QPAC presents analysis of Indian Economy and 24 sectors (including manufacturing, services and emerging sectors) of India.

SCOPE

- Detailed review and analysis of Indian Economy every quarter
- It covers industry overview (both Global and Indian), Industry performance, segmental growth, import – export, industry trends, demand & supply, regulations, competition and technology etc.
- More than 150 company's performance analysed with future projections
- QPAC analyses the performance of major players, providing the projection regarding top line and bottom line of the companies for next 2 to 4 quarters.
- A detailed inter-firm comparison is a good value-add. It makes the comparison on operational, financial and stock performance parameters.
- Interfirm Comparison helps in understanding the relative performance, company level strategy differences and benchmarking studies.
- A new feature of Executive summary provides quick review of performance of manufacturing & services, Performance of leaders & laggards.
- Ranking of performance of sectors based on Cygnus composite index (CCI)
